HE KEPT THE JOB.

One of the bosses at Baldwin's Locomotive Works had to lay off an argumentative Irishman named Pat, so he saved discussion by putting the discharge in writing. The next day Pat was missing, but a week later the boss was passing through the shop and he saw him again at his lathe. Going up to the Irishman, he demanded fiercely:

"Didn't you get my letter?"

"Yes, sir, Oi did," said Pat.

"Did you read it?"

"Sure, sir, Oi read it inside and Oi read it outside," said Pat, "and on the inside yez said I was fired, and on the outside yez said, 'Return to Baldwin's Locomotive Works in five days.'"

FORLORN HOPE.

In reality, this (price cutting) sort of competition is easier to meet than legitimate competition. Why? Well, usually the price-cutter has found himself unable to get trade by legitimate means and adopts the price-cutting plan as a last resort in staying off the sheriff. Yes, sir, he can't get business at the regular prices; something is the matter with his store; either location, lack of publicity, dingy store front, or because he does not treat his trade well. Usually you will find the price-cutter is the fellow who acts as though he does not care whether his trade comes back or not. In most cases you will find that he has no regular customers; just buyers go into his store; his store lacks friends getting its business on a purely monetary basis. —The New Idea.

BULL MOOSER PRAISES G. O. P.

Henry L. Stimson, Taft's secretary of war, and the Roosevelt choice for governor of New York, in a long communication to the Philadelphia Public Ledger, takes a strong stand in favor of the permanence and integrity of the Republican party. He says:

The Republican of today need have not the slightest fear that the time-honored principles of his party are obsolete, or that the future divisions of the American people will take place on substantially different lines than heretofore. On the contrary, the underlying desire for a more efficient government which knit together the Federalists, the Whigs and the Republicans of the sixties, must necessarily grow stronger rather than weaker under the conditions of modern life.

There can be only two parties in the country. To day they are exactly what they were at the beginning of the government—strict and loose constructionists. These terms are only generalized into Democrat and Republican. There are incidents along the way that may cause a bending of these lines out of the straight course. As a rule they do not change and never will, for the distinction is a matter of human nature. People who rush in with little policies, born of the day's demands, can never create a new party. Never was there a greater provocation than in 1860, when the effort was made to change the Republican party to the Union party, but it failed and the Union was saved by Republican principles.

There was never a great thing done by a Democratic president but what was done in accordance with Republican principles. Note the purchase of Louisiana by Jefferson. And today, the love and devotion the Republicans are showing Wilson is perfectly consistent, for he is doing all his best things according to Republican ideals. Half of the Democratic shouting today is over the triumph of Republican principles.—Ashland Independent.

WHY DON'T YOU?

A farmer who was carrying an express package from a city mail order house, was accosted by a local merchant: "Why didn't you buy that bill of goods from me? I could have saved you the express and besides you would have been patronizing a home store, which helps pay the taxes and build

up this locality." With characteristic frankness, the farmer asked: "Why don't you patronize your home paper and advertise? I read it and didn't know you had the goods I have here, nor did I ever see your name in the paper inviting one to come to your store."—The Pomotrope.

I next went to Taylorville, a beautiful little city of 7,000 population, the county seat of Christian County. Surrounded by one of the most fertile farming sections of the state, it is also an important mining center and should be a profitable location for retail merchants instead of a market for the large stores of Decatur, Springfield and St. Louis, as well as a dumping ground of the mail order houses. When I visited the freight stations with a merchant I found more goods were consigned to consumers than there were shipments consigned to merchants. I was not at all surprised to find that the merchants of Taylorville were not advertisers in their local papers.—A. O. Charles in the Drygoodsman.

FOOLISH PHILOSOPHY.

An agreeable hostess is one who is able to conceal her feelings.

In appraising a man, early hair generally is listed as a liability.

It is only by attributing his downfall to liquor that a failure can work up much sympathy for himself.

It is not until after he discusses the matter with his wife that a man learns his hostess' dinner was not a success.

Flattery among friends is a case of either make or break.

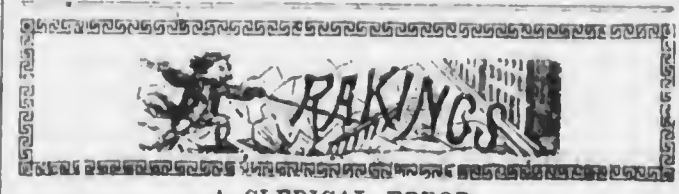

Many a man has one wife too many who has only been married once.

Many a man's wasted energy is restricted entirely to praising himself.

The fellow who pats himself on the back is quite satisfied to stand pat.

Instead of taking time by the forelock some people are satisfied to hang onto his coat tails.

Tell a girl she has dreamy eyes and she will generally prove that she is wide awake.

A CLERICAL ERROR.

In a small country church, not long since, a little child was brought forward for baptism. The young minister, taking the little one in his arms, spoke as follows:

"Beloved hearers, no one can foretell the future of this little child. He may grow up to be a great astronomer, like Sir Isaac Newton, or a great labor leader, like John Burns; and it is possible he may become prime minister of England."

Turning to the mother he inquired: "What is the name of the child?"

"Mary Ann," was the reply.—Tit Bits.

A FAIR WARNING

One That Should Be Heeded By Mayville Residents.

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. 'Tis well to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this locality place reliance in Doan's Kidney Pills. This tested, remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following:

A. Sorries, locksmith, Aberdeen, Ohio, says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten. Colds always settled on my kidneys. I used Doan's Kidney Pills and they stopped the trouble and my kidneys became strong."

COL. BOONE ARRESTED UNDER "BLUE SKY" LAW.

Colonel Albert E. Boone, who for many years has been promoting street car and interurban lines, most of which never materialized, was arrested last week in Zanesville, following a secret indictment returned against him January 14 by the grand jury of Muskingum County. Boone's indictment and arrest was the result of investigations made by the "blue sky" bureau of the state banking department.

Colonel Boone has been operating around Zanesville for some time and he promoted two companies, known as the Pittsburgh Big Nine Ohio County Seats Trade Promoting Company and the Abraham Lincoln Mississippi-Ohio Valley States Trade Promoting Company. He was indicted on a charge made by state officials that he had accepted \$2,000 from a widow who lives on a farm near Zanesville. She had been led to believe that he would build a traction line which would result in part of her farm becoming a town site. Officials say they discovered that he ignored the state bureau when he organized his companies and began selling stock.

A FAIR WARNING
One That Should Be Heeded By Maysville Residents.

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. 'Tis well to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this locality place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following:

A. Sorries, Locksmith, Abordene, Ohio, says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten. Colds always settled on my kidneys. I used Doan's Kidney Pills and they stopped the trouble and my kidneys became strong."

"CANNED" BUZZARD.
(Cynthiana Democrat.)
The Democrat's correspondent at Oxford, Scott County, writes:
"When Jesse Barnett was somewhat of a 'kid' living at Leesburg, he captured a large turkey buzzard in a steel trap. He converted an oyster can into a bell by tying a large nail in it for a clapper, wired it to the bird's neck and set him free. After a ten-year itinerary for the bird over various vicinities, perches, one day last week Jesse's mule, Wren Wilson, recaptured his buzzard ship near the place where it was first caught, with the bell still about its neck."

GIRLS IN KANSAS
Feel Encouraged—They Barred Men—Who Chew, Smoke and Drink.

Dodge City, Kan.—The Good Habits club, composed of high school girls who have pledged themselves not to attend any party or any dance or otherwise associate with young men who drink, or smoke, has received hundreds of encouraging letters and telegrams since its organization last week. Many writers have asked information with a view, they say, of starting similar organizations in other cities.

The Women's Christian Temperance Union of Lincoln, Neb., in a letter urged the girls to stand firm until the young men stop smoking and drinking.

"Don't associate with them until they pledge themselves to reform," the letter urged. A copy of the club's by-laws also was asked, the writer declaring she would organize a similar club in Lincoln.

A Stafford (Kan.) man, inclosing an envelope full of prohibition literature, wrote:

"I hope you will stick to it until you get a precedent in Dodge City that will start a reformation all over the country."

President Pettijohn of the Dodge City Commercial club today received the following message from a man in eastern Kansas, whose name he refused to make public:

"You should organize a club of young men to co-operate with your girls—a good husband club."

At Bartlett, Ia., a sympathizer writes:

"I am a young man 22 years of age and use neither tobacco nor strong drink. I admit I swear, but no lady hears it from my lips. Above it all it makes my heart hurt to see a young man who is drinking. But it is not whisky, girls, it's the men. They are weak. When they see the young women are determined to cut them out they will quit their folly."

The club got its first pledge today when a son was born to G. E. Clemout, superintendent of schools. The members of the club secured from the father and mother a promise to raise the boy free from the use of tobacco and liquor.

DEATH OF NEGRESS WHO DID NOT NEED FREEDOM.

(Frankfort State Journal.)
Last rites were performed Tuesday
afternoon over the body of Annie
Pleasant, the last of a large family of
faithful servants whose mother was
brought from Virginia by Richard
Blanton, the great-grandfather of Mrs.
Kate Patton and Miss Virginia Morris.
When the slaves were set free by Pres-
ident Lincoln, Annie refused to leave
"Old Master, Mr. Blanton, because he
needed her." All the Blanton family
thought highly of her, finding her truly,
as she was always accustomed to call
herself, a "dark skin white lady,"
courteous, truthful and highly honor-
able. She was 82 years old at the time
of her death.

INTERESTING FACTS ABOUT KEN- TUCKY'S MILITIA.

Washington, January 28.—Kentucky's
militia fails to draw any specific fire
from Brig. Gen. Mills, chief of the di-
vision of militia affairs, who, in his an-
nual report issued, scathes the militia
of the nation for its failure to take ad-
vantage of what Gen. Mills considers
its opportunities.
Two Kentucky companies—D, of the
Second infantry, at Whitesburg, and L,
of the Third infantry, at Murray—he
grades as "excellent," while six com-
panies are rated "very good."
There are 2,162 members of the Ken-
tucky organized militia, and, according
to the adjutant general of the State
there are 342,162 males in the State
available for militia service. The num-
ber of Kentucky males listed as avail-
able for such service by the census of
1910 is given as 477,493.
In 1912, the division of militia af-
fairs invoiced the amount and value of
equipment lost by the militia of the
several States in the ten years from
1902. Kentucky lost \$18,926 in equip-
ment, of which the division chalked off
\$16,447, charging only the small re-
mainder against the next allotment of
\$26,469 which is to be made to the
State. This leaves the State \$23,930.
Gen. Mills announces that the Federal
appropriation for the Kentucky militia
for 1913-1914 is: For ammunition, \$9,
795; for supplies, \$16,614; a total of
\$26,409.

RED CROSS SEALS

Good Work of High School Pupils, Who
Sold \$55.55 Worth During the
Holidays.

During the holidays several of the
High School students sold Red Cross
stamps for the benefit of the local
Health League. There was a friendly
rivalry among the four classes in the
High School, as to which class might
sell the greatest number of stamps.
While the Freshman class sold 2,402
stamps, being more than that of any
other class, yet the average per pupil
was 29.29.
The Junior class making the highest
average, sold 1,019, making an average
of 31.84.
The Senior's were second with an av-
erage of 31.09, the Sophomores 27.88.
While the Sophomores made the low-
est average per pupil, yet the greatest
number sold by any one pupil was by
a sophomore, Miss Harriett Rains, who
sold 215 stamps.

The one selling the greatest number
in the Freshman class was Miss Lucille
Parker, who sold 250 stamps. Miss
Martha Green Sharp, 200, and in the
Senior class Anna Calvert, 151.
The total amount turned over to the
Treasury of the Health League was
\$55.55.
These young people deserve a great
deal of credit for the enthusiasm they
have manifested in this work. The
Health League is carrying on some
splendid work here, and we know that
they appreciate very much any work of
this nature.

ALMOST THE TRUTH.

Gen. John M. Wilson, formerly super-
intendent at West Point, and beloved
equally by soldier and civilian, while
having a warm spot in his heart for old
Virginia, finds keen delight in twitting
her sons upon their crowning weakness,
says the Washington Times. Halting
Senator Swanson the other day, with a
merry twinkle in his merry eye, he
spoke thus:

"Senator, I dreamed last night that I
had gone to heaven, and while St. Peter,
or maybe it was Gabriel, was taking me
around, showing me the pearly bat-
lements and the golden streets of the
new Jerusalem, I saw several stout au-
gels busily engaged in lashing a new ar-
rival to a lamp post. This party made
vigorous protest, biting, kicking and
scratching in a manner that seemed to
tally foreign to the sublime peace of the
heavenly city.

"Who is that gentleman, and why
is he acting so unkindly?" I asked my
guide.

"Oh, that's a fellow who came up
from Richmond last night," responded
Gabriel, with a glance of irritation at
the newcomer. "He's kicking because
they won't let him go back to Vir-
ginia."

ELECTRIC SIGNS!

The distinguishing air of quality which a first-
class Electric Sign gives to a store is the ele-
ment which gives a sign its greatest value as an
advertising medium and investment. The im-
pression it makes is good. It blazes forth to
the public that there is business enterprise,
merchandise and methods up-to-date. It af-
fects the entire atmosphere of the business
district. The stranger says, "It is a live town,"
and publishes it abroad.
It is the Sign of the Times.
